

FOR ALL MACHINES/WATER BOILERS

Food Grade Descaling Powder

Product codes & Pack size: BIO037 (1kg) BIO037A (10kg)
BIO040 (50gm sachet)

Where to use: Food safe descaler for limescale build up on coffee machines and watercooler boilers and components

Key Benefits v Competition

- Contains food safe citric acid crystals for gentle but powerful descaling
- Reduces risk compared to other corrosive descalers.
- Non tainting formula reduces cleaning times.
- High purity powder fully dissolves reducing machine blockages and service costs.
- Fast acting formula to descale quickly
- ECO friendly
- Regular cleaning helps maintain beverage quality, prolongs machine life and can reduce maintenance costs

Pack sizes: 1kg bag, 25kg tub.

Usage/Dilution rates:

TO USE: Always follow machine manufacturers instruction. For heavy descaling dilute 80g in 1 Litre warm water. Soak for up to 2hrs.

For light descaling dilute 30g in 1 Litre warm water. Soak for up to 15-30mins.

Thoroughly rinse
